CAREER OBJECTIVE

Data Science graduate with strong foundations in **Python, MySQL, Power BI, Machine Learning, Data Analytics and reporting, and Data Visualization**. Experienced in **data preprocessing, exploratory data analysis, dashboard development, and predictive modeling** through academic and hands-on projects. Possess **strong analytical, problem-solving, and decision-making skills** with the **ability to transform complex data into actionable business insights**. Seeking a Data Analyst, Business Analyst, or Data Science role where I can leverage my technical and analytical capabilities to drive data-driven decision-making and contribute to organizational success.

EDUCATION

B.Tech in Computer Science and Engineering - Data Science

2022- 2026

Brainware University , West Bengal

CGPA - 8.91

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL
- **Database Technologies:** MySQL, DBMS Fundamentals, Database Design, Data Extraction, Joins, Subqueries, Aggregations
- **Data Analytics:** Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA), Statistical Analysis, Pandas, NumPy, Pickle
- **Data Visualization:** Matplotlib, Seaborn, Power BI
- **Machine Learning:** Scikit-learn, Predictive Modeling, Feature Engineering
- **Core Concepts:** Data Analytics & Visualization, Machine Learning Fundamentals

PROJECTS

Predicting Employee Layoff Risk in the Age of AI

June '2026 - Present

- Conducted EDA on employee workforce data to identify patterns, trends, and factors associated with layoff risk
- Performed data cleaning and preprocessing, including handling missing values, removing inconsistencies, and preparing data for machine learning applications
- Generated data-driven insights through statistical analysis and visualizations to understand potential indicators of employee layoffs

Technology used: Python, Pandas, Numpy, Matplotlib, Seaborn, ML algorithms, Jupyter Notebook.

AI-Powered Sales and Demand Forecasting System

Feb - April '2026

- Developed a machine learning-based sales forecasting model to predict future trends
- Built an interactive web application for real-time predictions and visualization
- Performed model serialization and deployment
- Enabled data-driven decision-making to optimize inventory and improve business efficiency

Technology used : Python, Data Analytics and visualization libraries, Sklearn, XGBoost, Pickle, Streamlit, Jupyter Notebook.

Adidas United States Sales Data Analytics

Nov - Dec '2025

- Created interactive dashboards using Power BI to analyze sales performance and regional trends
- Identified key insights to support marketing and business strategies
- Delivered data-driven reports for better stakeholder decision-making

Technology used : Power BI, ETL Process , Data cleaning, DAX functions, Power Query.

EXPERIENCE

Industrial Intern | Techno Exponent (Euphoria Genx) , Kolkata

Aug - Dec '2025

Data Analytics with Power BI

- Gained hands-on experience in data analytics, dashboard development, and business intelligence reporting
- Applied data analytics techniques to transform raw data into actionable insights
- Developed an E-Commerce Sales Analysis dashboard using Power BI to analyze sales performance, customer trends, and regional insights
- Delivered data-driven recommendations to support business decision-making

CERTIFICATES

Python for data science

OCT '2025

Issued by : NPTEL & IIT Madras

Completed an intensive **4 week course** on Python for Data Science. Earned an **Elite + Silver** certification for finishing in the top tier of the course. Mastered Python libraries like NumPy and Pandas for data manipulation. Learned to clean messy datasets and build predictive machine learning models.

PROFESSIONAL SKILLS

- **Communication:** Verbal and Written Communication
- **Problem Solving:** Critical Thinking and Decision Making
- **Analytical Thinking:** Data Interpretation and Insight Generation
- **Teamwork:** Collaboration and Relationship Building
- **Attention to Detail:** Accuracy and Quality Focus

INTERESTS

- Reading Books
- Solving Logical and Analytical Puzzles
- Public Speaking and Delivering Presentations

LANGUAGES KNOWN

- Bengali
- English
- Hindi
